THE PLEASURE OF CRUISING ON A QUALITY DUTCH MOTOR YACHT MY ATE JA III – a testimonial from the Owner (SEP23)

Early and middle life: too busy with work children and land-based activities to even imagine water... Later life: less work, no children, and a little extra cash. Finally, we succumb to the mermaids. It's time to go to sea!

Too late for sailboats you need to master this skill while you're still young, so the choice is limited to motorboats. Let's start with something reasonable a fourteen-meter used, ACM French power boat. This will be our baptism of the sea as well as our classroom as we learn more and more, gain experience and confidence ...becoming seasoned sailors.

Then a second boat a Finnish Targa 44, very fast and very agile but somewhat uncomfortable, very noisy, very bumpy with limited space. Ideal for going from A to B to visit the Mediterranean, east and west, and exploring the Ionian, the Adriatic, the Aegean and even the Black Sea.

Having travelled far and wide it was time to leave boats for a yacht. Nineteen meters, solid, comfortable, quiet, a reliable Class A ocean going vessel; maybe not so fast but with time more fun.

What a pleasure to leave port on a yacht with all the amenities to leisurely cruise down the French and Spanish coasts through the straits of Gibraltar into the Atlantic pass the Algarve and up the coast to Lisbon: the end of a fantastic, wonderful first season on ATE JA. To be followed by an even better second season from Oporto to the Bay of Biscay visiting Galicia up the French coast down the Garonne to Bordeaux; leisurely cruising up the picturesque coast of Brittany with its sandy beaches and intricate bays to finish the summer in St Malo. But the third year was to be the best from St Malo to the Channel Islands through the Alderley Channel, Brest, the Normandy beaches and down the Seine to Rouen. A smooth crossing of the Channel and up the Thames to Saint Katharine's docks by Tower Bridge. But with this trusty, reliable comfortable yacht the summer was only half over; again, across the Channel, this time, at night, no problems all instruments guiding us safely from Ramsgate to the Belgium coast. As an encore up the internal channels to Antwerp and then to the yacht's birthplace: Rotterdam. Still not finished! Up the Rhine, 2000 kilometers through many very high locks. Many observers said we were: "the largest private yacht they had ever seen on the river."

The following seasons were equally enjoyable spent closer to home: French and Italian coasts, Corsica, Sardinia, and Sicily.

I hope this short narrative will entice you to contact us and visit ATE JA.

Main Specifications

OVERVIEW

Name: ATE JA III
Yacht: Motor Yacht
Type: CE Category A Ocean Class
Class:
Exterior:
Designer: Cor d Rover, Netherlands
Interior Designer: Cor d Rover, Netherlands

DIMENSIONS

Length: 20m (181')
Beam: 4.30m (28' 2")
Gross Tonnage: 42

CONSTRUCTION

Builder: Admiral

PERFORMANCE & CAPACITIES

Max Speed: 20 Knots (approx)
Cruising Speed: 08-12Knots (approx)
Range: 800 nm @ 10 kts

ENGINES

Engines: 2 Caterpillar
Engine: 800 Hp 16 kW @ 2300 rpm
Model:
Generators: 2 x 118 kW 400V 50Hz
Westerbyke 16 Kw 2004
7.5 Kw 2019

ACCOMMODATION

Cabins: 2
Guests: 4
Crew: 2

Detailed Specifications 1/2

General

Type Design Hull
Composite Dutch Motor
Yacht Car d Rover,
Netherlands
S-bilged -bullous bow
Year 2004

Dimensions/Speed

Length 18.9 m
Beam 4.3 m
Draft 1.3 m
Displacement 42 tons
Max speed 20 knots
Cruising speed 8 to 12 knots

Classification

CE Category A (ocean class)

Propulsion

2x Caterpillar 800hp -16Kw
Engine hours 2400
Hydraulic thrusters (Side Power
UK) front and rear* ZF gears pilot
house/fly bridge *
Set of extra props

Navigation

Pilot house and fly bridge
Two Simrad VHF- and one portable both 25 and 100
watts* Simrad radar and GPS NSS evo 3*
Simrad GPS NSE 12
Sailor Emergency VHF both 25 and 100 watts*
Internal camera and TV screen -bow, stern, engine room *
Remote Yacht Controller with joy stick *

Stabilizers

Seakeeper 16 Class Gyroscope * On the move nautic stabilizers*

Electrical System

12/24/230 volts Mastervolt battery charger*
All batteries (service 12x2volt gel and generator and
engine batteries) changed in 2017* Service batteries at
80% capacity

Hydraulic Winches

Anchor front winch with 100meters of 13 chain with remote control
and chain counter
Two rear winches

Gangway

Opacmare hydraulic
Generators Westerbyke

16 Kw 2004
7.5 kw 2019*
